

new
siaramic
Technology

Fastest stock removal

The optimal triangular shape of the siaramic grain allows the disc to cleanly cut through metal, delivering a faster stock removal

Consistent cut

The special structure of the shaped grain gives a perfect self-sharpening effect which leads to a consistent grinding result

Maximum lifetime

The shaped ceramic grain guarantees an optimal lifetime – even on the toughest jobs

Cooling top coat

Thanks to the cooling top coat, the 4582 siaramic discs (#36+ to #120+) are suitable for work on stainless steel

4581 siaramic
