Air Flow Controller With Belt

Product Features

The PanBlast™ Air Flow Controller offers a cost effective alternative for air flow control only, in applications where incoming air cooling or heating is unnecessary.

When combined with the PanBlast™ approved range of Supplied Air Respirator Helmets and the PanBlast™ approved Breathing Airline, the system meets the latest CEN European EN14594: 2018 respiratory protective devices standard and Australia/New Zealand standard: AS/NZS 1716:2012.

▸ Simple, economical design.

▸ Nylon waist belt.

Common Applications

▸ Control of blasting helmet air supply.

▸ Compliance with respiratory protective devices standards.
